### Your Rights and Responsibilities

#### What to Expect from Us

| Information | We will provide copies of all written reports from the CDC staff in regards to your child. We cannot make copies of reports originating from other agencies, but will provide assistance to you if you wish to obtain such records.  
You will receive information about the CDC during your intake consultation.  
You may access information from your file at the CDC by completing a “Request to view file” form.  
We will respect and answer any and all questions regarding any assessments and aspects of service delivery.  
We will do our best to aid you in accessing information on community resources that may be suitable and available to you. |
|---|---|
| Freedom from Neglect/Abuse | When receiving services from the CDC you can expect that your child will not experience any form of neglect or abuse.  
Provincial law requires all individuals to report suspected child abuse or neglect; the Child Development Centre staff abides by this legal and professional obligation. |
| Choice | We are committed to ensuring that you are informed and are able to make educated decisions in regards to the services available and/or |
| **Choice**<sub>(con’t)</sub> | provided.  
We respect your right to refuse service at any point in time. |
|---|---|
| **Confidentiality** | All staff, volunteers, and students at the CDC enter into a signed Confidentiality Agreement. Breaches of confidentiality are grounds for discipline by the CDC, as well as, professional colleges or registering bodies.  
Information is held in the strictest confidence. Information will not be released without your written consent.  
When parents are separated or divorced, the CDC will ensure that information is released appropriately. Centre staff will request proof of guardianship when required (e.g. A legal document such as a custody agreement).  
Client records will be accessed only by CDC staff who are actively involved with your case, as well as the Administration staff as required. Information will remain confidential, however, may be shared on a “need to know” basis between the CDC team members.  
Under law we are obligated to report any suspected child abuse or neglect to the Ministry for Children and Family Development. |
| **Concerns** | You are completely free to voice any concerns in regards to your service with the full assurance that it will not affect the quality or level of service we provide to you.  
You can see an overview of our complaint process |
### What We can Expect from You

<thead>
<tr>
<th>Collaboration with Staff</th>
<th>Work closely with the Centre staff by sharing beliefs/culture/values that are important to you, giving staff feedback, sharing your needs &amp; concerns, asking questions, and participating in the therapy/treatment sessions so that you can apply the same methods at home. Be available to ‘pick-up’ your child at the end of your service, or at the end of preschool.</th>
</tr>

<tbody>
<tr>
<td>Information</td>
<td>Keep all phone &amp; address information up to date with our Centre Inform us about family events/changes that may influence. In the event of a custody or guardian order, please ensure that any changes are shared with Centre staff as soon as possible.</td>
</tr>
<tr>
<td>Communication</td>
<td>If you need to cancel or reschedule an appointment, please give as much notice as possible. To make changes to your appointment you can drop by the Centre or phone to leave a message on their voice-mail. <strong>Note:</strong> As all our services are in high demand and many departments have waitlists for services, there may be situations where a consistent pattern of missed appointments or scheduled access to services may result in your child being discharged from that program.</td>

How Services Work

Steps for getting involved with us

• Referrals are accepted from individuals & guardians, as well as from outside agencies.
• After we receive a referral, a staff member will contact you and explain the services available to your child & set up an Intake Consultation with you.
• You decide whether you want to receive services or not
• You and staff member decide on the level of service that will best suit your child.
• You and staff member develop and agree upon goals.

Waitlists
Unfortunately, waitlists for services are a reality at the Child Development Centre. Every effort is made to be clear with parents/guardians who are seeking services the time frame involved prior to either an assessment, or direct therapy service. Please feel free to inquire about the waitlist situation, or any other aspect of our service delivery, at any time.

Transitions
Your child's services may transition to another program at the CDC, to kindergarten, or out into the community. It is important to remember that ending services from one program at the CDC should not be a surprise to you, and you should feel prepared. We will make every effort to help you and your child move onto the next step in his/her services. If this isn't the case, please talk to us. We want your child to succeed.

Discharge occurs . . .
• when goals are met
• at your request
• child is too old for the program
• when we cannot get a hold of you
Programs We Offer

Here at the CDC we have several different programs that we offer. Following is a brief description of each program. More detailed information can be requested at the centre.

**Infant Development Program**
Supports families with children from birth to 3 years who have been identified with developmental concerns or are at risk for developmental delays.  
**How to get referred:** Referrals are accepted from individuals & guardians, as well as from outside agencies.

**Speech-Language Pathology**
Provides assessment, therapy, and consultation regarding communication and/or speech delays in children from birth to 5 years.  
**How to get referred:** Referrals are accepted from individuals & guardians, as well as from outside agencies.

**Physiotherapy**
Provides assessment, therapy, and consultation for children birth to 5 years in the area of gross motor, musculoskeletal and cardiopulmonary.  
**How to get referred:** Referrals are accepted from individuals & guardians, as well as from outside agencies.

**Occupational Therapy**
Provides assessment, therapy, and consultation for children birth to 5 years in the area of play, self-care (dressing, feeding) and school readiness (pre-printing).  
**How to get referred:** Referrals are accepted from individuals & guardians, as well as from outside agencies.

**Family Services**
Supports families of special needs children 3 to 5 years of age with information, assistance, parent connections, and coordination of services. The Family Services Coordinator links you and your child to all the services available at the Centre, as well as informing you of other programs beyond the Centre.  
**How to get referred:** Referrals are accepted from individuals & guardians, as well as from outside agencies.
Programs We Offer cont.

**Supported Child Development Program**
Supports children 0-12 yrs of age in order that they may fully participate in inclusive neighborhood child/youth care programs. This program is intended for children who require extra support in the school setting as a result of developmental delays, disability, or social/emotional/behavioral difficulties.

**How to get referred:** Referrals are accepted from individuals & guardians, as well as from outside agencies.

**Kids Connect Program**
Kids Connect Autism Program provides centre based early behavioral intervention for children up to the ages of six that have a diagnosis of Autism Spectrum Disorder (ASD). The Kids Connect Program follows the principles of Applied Behavior Analysis (ABA) with the components of Reference and Regulation (R&R) being weaved into the practical application. R&R allows children with ASD to successfully develop the skills of joint attention, social referencing and self-regulation. Research indicates that these skills are the foundation for language and social skills in children with ASD.

**How to get referred:** Referrals are accepted from individuals & guardians, as well as from outside agencies.

**Special Services**
Supports families with children from birth to 19 yrs of age who have a diagnosis of Autism, developmental challenges, or who qualify for the At-Home Program.

*We offer 3 programs under this umbrella; Respite, Skills, and KAMP.*

**Respite:** offers a break from the demands of caring for a child/youth with special needs for you and your family.

**Skills:** offers referred children and youth the opportunity to practice skills that are necessary for daily living.

**KAMP:** allows eligible children to experience new things and to make new friends. This program runs during the months of July and August for children aged 6-19 years of age.

**How to get referred:** Contact the CYSN Social Worker at 250-263-0121 for a referral to the Special Services Programs. Families interested in the Summer KAMP program can contact the Community Programs Coordinator directly.
Programs We Offer Cont.

**Early Learning Program**
Offers a learning enriched environment where typical and special needs children have the opportunity to build foundational concepts in literacy, language development, and mathematical concepts through skills and structured play. We have 3 licensed classrooms that run morning and afternoon sessions for 3 and 4 year old children.

**How to get referred:** Call the CDC and request your child’s name be added to the preschool waitlist.

**Rotary Play Centre**
Provides an interactive play space for children 0-5 years and their parents/caregivers to come and explore and play together. The room has been designed with a specific focus on toddlers (18-36 months) and has an infant area where they too can safely explore. The program offers a welcoming, fun and enriching environment that promotes development of the whole child. It provides parents/caregivers with opportunities to share and learn new ways to support children’s learning through play both at the program and at home. The program is free and open to all families.

**How to get referred:** This is a drop in play group so no referrals are needed.

Health and Safety

**Centre Visits:**

The CDC is a **Nut Free** Centre. For the safety of children who have life-threatening nut allergies, please do not consume peanuts or nut products in the communal areas of this Centre.

Please **Do Not** bring your child to the CDC if they are sick. Staff is obligated to request that you return home with your child if they are concerned about your child’s health.
Health and Safety Cont.

Let a staff member know if you see something that you feel is unsafe while you and your child are at the CDC.

When you come to the CDC, please sign in at Reception in our Visitors log.

Remember to familiarize yourself with emergency exits. There are building maps posted in every room.

Sometimes we have drills so that we are prepared in the event of an emergency. If you and your child are at the Centre during one of these drills, staff will escort you and your child safely out of the building.

Home Visits

In accordance to WCB smoking regulations, we ask that you refrain from smoking 1 hour prior to, and during the duration of your Home Visit.

For staff’s health and safety, please keep pets restrained or in a different room during your visit.

Please ensure that all pathways to your home are free of obstacles, clear of snow and ice, and well lit.
Conflict of Interest

What is a Conflict of Interest?
A conflict of interest refers to any situation that prevents a staff member from acting in the best interest of the Centre or acting fairly or without bias on behalf of the Centre.

More information regarding Conflict of Interest situations can be obtained directly from our Centre.

The CDC is committed to ensure that the potential for conflict of interest is minimized.
